INDEPENDENT AUDITOR'S REPORT

To the Audit Committee Hillside Family of Agencies

Report on the Financial Statements

We have audited the accompanying financial statements of Hillside Children's Foundation (the "Foundation") (an affiliate of Hillside Family of Agencies), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hillside Children's Foundation as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, during the year ended June 30, 2018 the Foundation elected to change its accounting policy for presentation of investment income or loss, to present investment income equal to its spending policy as a component of operating activities under total revenue and public support. Previously all investment income or loss was presented as part of the increase (decrease) in net assets from non-operating activities. The prior year has been reclassified to conform to the current year presentation. Our opinion is not modified with respect to this matter.

Note 1. Nature of Business and Significant Accounting Policies

Organization:

Hillside Children's Foundation (the "Foundation") is a not-for-profit organization formed for charitable, scientific, and education purposes, and to provide funds to or for the sole benefit of Hillside Family of Agencies and its not-for-profit tax-exempt affiliates. The Foundation is exempt from income taxes under the Internal Revenue Code Section 501(c)(3).

The Foundation is an affiliate of Hillside Family of Agencies ("HFA") and HFA's affiliates (collectively, the "System"). HFA is a not-for-profit corporation that reviews and monitors the missions, objectives, activities, and resources of its affiliates. In its capacity as the sole corporate member of the Foundation, HFA has the right to elect the Foundation's trustees and amend its by-laws.

A summary of the Foundation's significant accounting policies follows:

Basis of presentation:

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Cash:

The Foundation maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Foundation has not experienced any losses in such accounts. The Foundation believes it is not exposed to any significant credit risk on cash.

Receivables:

Pledges are recorded as receivables in the year made at the original pledge amount less an estimate made for uncollectible pledges. Management evaluates if accounts receivable are collectible on an annual basis and adjusts for uncollectible amounts through an allowance for doubtful accounts. Recoveries of amounts previously written off are recorded as revenue at the time such amounts are collected. At June 30, 2018 and 2017, the Foundation's receivables consisted of net pledges and events receivable of \$51,719 and \$146,823, respectively. Receivables are presented net of an allowance for doubtful accounts and discounts of \$976 and \$301,616 for June 30, 2018 and 2017, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Beneficial interest in trust:

The Foundation is the beneficiary of an interest in a trust which was created at the direction of the donor and is controlled by an independent trustee. The Foundation records its interest in these trusts, upon discovery of their existence, at fair value of the trust's assets, which is determined by the investment statements held by the trust. Because of the complex issues related to collecting the data for these transactions, there can be a time delay in recording of the assets because of the time needed for discovery, verification of the Foundation's rights, and the determination of the fair value.

The original fair value, subsequent annual changes in fair value, and distributions received are recorded within the three classifications of net assets (unrestricted, temporarily and permanently restricted) following the original intent of the donor and instructions received from the trustee. The value of the interest in the trusts is included within investments in the accompanying statements of financial position. The change in the value of the trust and receipt of distributions of earnings are reported as a component of investment income in the accompanying statements of activities.

<u>Investment</u> income:

Investment income and gains and losses from the sale or other disposition of investments are accounted for in accordance with specific donor instructions. In the absence of such instructions, investment income and gains and losses are accounted for in unrestricted net assets. Interest and dividend income are recognized as earned. Gains and losses on security sales are determined based upon the average cost of the security within the respective net asset portfolio.

Under an investment spending policy established by the Foundation's Board of Governors, the System utilizes 5% of the average invested balance of the prior 20 quarters to support its programs. This amount is presented as investment income designated for operations within public support and the remaining net investment income is presented as a component of increase (decrease) in net assets from non-operating activities as investment income net of investment income designated for operations in the statement of activities and changes in net assets.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Certain assets are valued at net asset value (NAV) per share and these are not included in the fair value hierarchy.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Fair value measurements (continued):

Mutual Funds – Mutual funds with registered investment companies, including The Investment Fund for Foundations (TIFF) fund, are valued at the daily closing price as reported by the fund. Mutual funds held by the Foundation and Defined Benefit Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Foundation and Defined Benefit Plan, except for money market funds, are deemed to be actively traded. Money market funds generally transact at \$1.00 NAV as reported by the fund and is based on the amortized cost of the underlying securities of the fund. The \$1.00 NAV is considered to be the price to sell the money market funds and its estimated fair value. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

Beneficial Interest in Trust – These are valued at an estimated fair value of the Trust's assets, as reported by each trustee based on the underlying investments held within each of the trust accounts.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Operating and non-operating activities:

Operating activities are those that occur in the normal course of business operations for the current period. Non-operating activities include investment income (loss) (net of which has been designated for operations) and activities that are unrelated to the current time period or to normal operations, including pension related changes relating to other than net periodic pension cost.

Contributions:

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions. In the absence of donor specification that income and gains on donated funds are restricted, such income and gains are reported as increases in unrestricted net assets.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Grant to others:

During the years ended June 30, 2018 and 2017, the Foundation granted \$1,221,539 and \$1,647,917, respectively, to meet the matching requirements for certain programs which require philanthropic support in order to leverage other funding sources. The grant is classified within operating activities in the accompanying statements of activities.

Endowments:

New York's version of the Uniform Prudent Management of Institutional Funds Act (NYPMIFA or the Act), New York's version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), governs the management and investment of funds held by not-for-profit corporations and other institutions. The Board of Trustees of the Foundation has interpreted the Act as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds which is prudent, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by NYPMIFA.

When making a determination to appropriate or accumulate donor-restricted endowment funds, the Foundation considers the following: the duration and preservation of the fund, the purposes of the Foundation and the donor-restricted endowment fund, general economic conditions, the possible effects of inflation and deflation, the expected total return from income and the appreciation of investments, other resources of the Foundation, where appropriate and circumstances would otherwise warrant, alternatives to expenditure of the endowment fund giving due consideration to the effect that such alternatives may have on the Foundation and the investment policies of the Foundation.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the Foundation while seeking to maintain the purchasing power of the endowment assets. The donor-restricted endowment funds are held in one of its multipurpose investment portfolios. Under this policy, as approved by the Board of Trustees, the endowment assets are to be invested in a manner that is intended to achieve returns, net of fees, in excess of a relevant balanced benchmark as defined by the target asset allocation while assuming a moderate level of investment risk.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Endowments (continued):

The Board of Trustees will review the fund's performance at least annually and will appropriate for distribution an amount it feels appropriate. Annual endowment fund spending may not exceed 100% of the fund investment income accumulated since the last distribution plus any investment income not distributed in the preceding years and may not exceed 5% calculated on a twenty rolling quarter average of the net value of the endowment, at its current balance. The Foundation's objective is to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or relevant law requires the Foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in temporarily restricted net assets to the extent accumulated gains are available to absorb such loss, otherwise as unrestricted net assets. There were no deficiencies of this nature for the years ended June 30, 2018 and 2017.

Functional expense allocations:

The costs of providing the Foundation's various program services and other activities have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income taxes:

The Foundation is tax exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision has been made for income taxes in the accompanying financial statements. The Foundation evaluates its positions taken for income tax purposes, including its continued compliance with the requirements of its exemption under Section 501(c)(3).

It is highly certain that some positions taken for income tax purposes would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The Foundation is not aware of any uncertain tax position as of June 30, 2018 or 2017.

The tax returns for the years 2015 through 2018 remain subject to examination by the Internal Revenue Service for U.S. Federal tax purposes and also by New York State for state tax purposes.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in accounting policy:

During the year ended June 30, 2018 the Foundation changed its accounting policy for presentation of investment income or loss, to present investment income equal to its spending policy as a component of operating activities under total revenue and public support. Previously all investment income or loss was presented as part of the increase (decrease) in net assets from non-operating activities. The prior year has been reclassified to conform to the current year presentation. The amount presented with operating activity was \$982,199 and \$966,323 at June 30, 2018 and 2017, respectively.

Recent accounting pronouncements:

The following recently issued accounting pronouncements by the Financial Accounting Standards Board (FASB) represent those considered relevant and potentially significant to the Foundation:

In August 2016, the FASB issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities.* ASU 2016-14 represents the first phase of an expected two phase project that will require various modifications to the current financial statement presentation in order to make information more useful for the users of the financial statements. Key changes include expanded disclosures on donor restrictions and board designations of net assets; reducing the net asset classifications from three to two; liquidity disclosure requirement; new reporting requirements for expenses; and change to requirements for determining when restrictions on capital contributions are released. ASU 2016-14 must be adopted by the Foundation for their year ending June 30, 2019, although earlier adoption is permitted. The Foundation is evaluating the potential impact of this new standard on the financial statements, the disclosure requirements and effective date options for the purpose of developing an implementation strategy.

In June 2018, the FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The standard provides clarified guidance on evaluating whether transactions should be accounted for as contribution (non-reciprocal transactions) within the scope of Topic 958 Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance, and determining whether the contribution is conditional. ASU 2018-08 will be effective for the Foundation for the year ending June 30, 2020. The Foundation is currently evaluating the effect that the standard will have on the financial statements.

Note 1. Nature of Business and Significant Accounting Policies (Continued)

Recent accounting pronouncements (continued):

In March 2017, the FASB issued ASU 2017-07, Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. ASU 2017-07 requires that an entity report the service cost component of net periodic pension and postretirement cost in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The remaining components of net benefits costs are required to be presented in the statement of activities separately from the service component and outside a subtotal of revenue from operations, if one is presented. The amendment further allows only the service cost component of net period pension and postretirement costs to be eligible for capitalization. ASU 2017-07 must be adopted by the Foundation for their year ending June 30, 2020, although earlier adoption is permitted. The Foundation is evaluating the potential impact of this new standard on the financial statements, the disclosure requirements and effective date options for the purpose of developing an implementation strategy.

Subsequent events:

Subsequent events have been evaluated through November 1, 2018, which is the date the financial statements were available to be issued.

for operations	 689,511	1,814,131
	\$ 1,671,710	\$ 2,780,454

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation uses an advisor to manage capital with unique liquidity, risk and spending considerations of non-profit institutions in mind to deliver at least 5% per annum over multiple market cycles, net of inflation and fees.

Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of financial position.

The Foundation had no unfunded commitments related to investments carried at NAV at June 30, 2018 and 2017.

The System has a noncontributory defined benefit plan (the Plan), which covers substantially all employees of the System. The Plan provides benefits based upon compensation, age and years of service. The System's funding policy is to meet the minimum funding requirements required by the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 31, 2012, the Plan was amended to freeze benefit accruals for service and transition credits and prohibit new employees from entering the Plan. Participants will continue to earn years of service to satisfy vesting requirements and interest credits will be earned on participants' cash accumulation accounts.

Note 7. Employee Retirement Plans (Continued)

<u>Defined benefit plan (continued)</u>:

The investment policies and individual decisions are made for the exclusive benefit of the pension plan participants, consistent with ERISA and regulations thereunder. Total long-term investment returns are optimized against risk in a manner that reasonably protects benefit requirements and timely cash payments. The policy establishes target allocations for diversification and investment performance over a time line that mirrors liabilities. It also limits exposure to quality and concentration risks.

The Plan's weighted-average asset allocations at June 30, 2018 and 2017, by asset category, are as follows:

Note 8. Commitments and Contingencies

Legal matters:

The Foundation is a defendant in various legal actions arising in the normal course of business. It is management's opinion that the actions are either without merit or that settlements which arise, if any, will be covered by insurance, or not have a material impact on the Foundation's operations.

Note 9. Related Party Transactions

Grants to affiliates:

The Foundation periodically grants funds to affiliates of HFA, financially interrelated organizations, for capital or other needs. Such grant requests are received by the Foundation and, if approved, funds are granted to the relating affiliate of HFA. Such grants of funds are reported in the accompanying financial statements as operating grants to affiliates in the statements of activities and changes in net assets and amounted to \$8,743,395 and \$10,102,138, respectively, for the years ended June 30, 2018 and 2017.

Note 9. Related Party Transactions (Continued)

Self-insurance:

The System is self-insured for a portion of its disability claims. There is no liability recorded as of June 30, 2018 and 2017 related to disability claims because there are no material claims outstanding.

The System self-insures workers' compensation benefits for its employees and health care benefits for its participating employees and dependents. The System maintains excess insurance coverage for certain major claims. The related liabilities are included in the net interaffiliate receivable in the Foundation's statements of financial position, and the related expenses are included in employee benefits in the statements of functional expenses. As required by the New York State Workers' Compensation Board, all affiliates of the System, including the Foundation, are responsible for all workers' compensation liabilities of the System on a joint and several basis. The Foundation's portion of the related liabilities and costs as of and for the years ended June 30, 2018 and 2017, which was allocated based upon the Foundation's percentage of the System's total payroll, are as follows:

	2018	2017
Workers' compensation expense (including assessments		
and administrative fees)	\$ 16,558	\$ 8,032
Workers' compensation liability	\$ 33,814	\$ 32,956
Health insurance expense	\$ 100,786	\$ 91,645
Health insurance liability	\$ 6,844	\$ 7,101

The New York State Workers' Compensation Board required the System to obtain a bond in the amount of approximately \$2,000,000 at June 30, 2018. This bond was provided by the System's excess workers' compensation insurer, who required that the System obtain an irrevocable letter of credit in the amount of \$2,000,000 at June 30, 2018 which expires February 2019.

Shared services:

HFA (parent), a financially interrelated organization, provides certain operating and administrative services to the Foundation. The costs of these services are allocated to the receiving entities based upon cost studies and/or actual amounts incurred. These fees are reported in the accompanying statements of functional expenses for the years ended June 30, 2018 and 2017 as follows:

		2017		
Employee benefits Management fee	\$	237,834 220,693	\$ 207,186 229,103	
	\$	458,527	\$ 436,289	

Note 9. Related Party Transactions (Continued)

Shared services (continued):

The Foundation has access to an \$18 million revolving line of credit with a syndicate of banks led by KeyBank, N.A. as a benefit of its affiliation with HFA, due to mature August 23, 2019 with the intent of continuous renewal. The System's outstanding balance on this line of credit at June 30, 2018 was \$15,000,000 and was recorded on HFA. Amounts borrowed on the Key Bank N.A. revolving line of credit bear a variable interest rate of the one month Eurodollar rate (2.125% at June 30, 2018) plus 3.5%, or prime (5% at June 30, 2018) plus 2.5% at the System's sole discretion.

The Foundation is listed in a credit agreement as a borrower on a note payable with a syndicate of banks led by KeyBank, N.A. which is recorded on Hillside Family of Agencies, Hillside Children's Center, Snell Farm Children's Center, and Stillwater Children's Center in an amount of \$26,760,000 total outstanding at June 30, 2018. There are no amounts recorded as outstanding on the Foundation.

Essentially all of the unrestricted net assets of the System are collateralized in support of this revolving line of credit and note payable with KeyBank, N.A. All entities of the System are jointly and severally liable for this revolving line of credit and note payable with KeyBank, N.A.

The System uses a centralized cash operation in order to share efficiencies in cash transactions, as well as access to the System's revolving lines of credit as needed.
